

Public Service Commission of South Carolina  
Tariff Summary Sheet as of January 4, 2012

Hargray Telephone Company, Inc.

Tariff Service: Access

This document is the complete version of the tariff on file and contains the following approved revisions. Detailed information is available for each revision on the Commission's E Tariff website (<http://etariff.psc.sc.gov>).

Revision	Date Filed	Effective Date	# of Pages
E2011-399	12/28/11	1/4/12	5
<u>Summary:</u> Add a new tariff section on Identification and Raing of VoIP-PSTN Traffic in accordance with the FCC's Order of November 18, 2011.			

INTRASTATE ACCESS SERVICE

Regulations, Rates, and Charges  
applying to the provision of Intrastate  
InterLATA Access Service for Toll Carriers authorized  
by the South Carolina Public Service Commission to furnish  
such Intrastate Communications within the operating territory of the

HARGRAY TELEPHONE COMPANY, INC.

in the State of South Carolina

as provided herein.

All material contained herein is new.

This tariff is filed (1) in accordance with the Rules and Regulations governing the filing of tariffs as prescribed by the South Carolina Public Service Commission, (2) in compliance with the Federal Communications Commission's Third Report and Order in CC Docket No. 78-72, Phase I, adopted December 22, 1982 and released February 28, 1983, as modified by the Commission's Memorandum Opinion and Order, adopted July 27, 1983 and released August 22, 1983, (3) in compliance with the Modification of Final Judgment entered August 24, 1982, in United States v. Western Electric Co., et al. (Civil Action No. 82-0192), and (4) in accordance with the South Carolina Public Service Commission Order No. 92-889, Docket No. 92-094-C, and the South Carolina Intrastate InterLATA Settlement Agreement and Stipulation issued October 16, 1992.

The name, title, and street address of this tariff's Issuing Officer are located on the bottom of Page 1, the Check Sheet.

Access Services are provided by means of wire, fiber optics, radio, or any other suitable technology or a combination thereof.

---

Issued:  
December 18, 1992

Effective:  
January 1, 1993

Reference to Other Tariffs

Whenever reference is made in this Tariff to other Tariffs of the Telephone Company, the reference is to the tariffs in force as of the effective date of this tariff, and to amendments thereto and successive issues thereof.

INTRASTATE ACCESS SERVICE

1. Application of Tariff

- 1.1 This tariff contains regulations, rates and charges applicable to the provision of carrier common line, switched access and special access service, and miscellaneous services, hereinafter referred to collectively as service(s), provided by the Hargray Telephone Company, Inc., hereinafter referred to as the Telephone Company, Intrastate InterLATA Toll Carrier(s), hereinafter referred to as IC(s).
- 1.2 The provision of such services by the Telephone Company as set forth in this tariff does not constitute a joint undertaking with the IC for the furnishing of any service.
- 1.3 The regulations, rates and charges contained herein are in addition to the applicable regulations, rates and charges specified in other tariffs of the Telephone Company which are referenced herein.
- 1.4 This tariff contemplates no subscriber (end user) charge.
- 1.5 The term "LATA" refers to Local Access Transport Area.

## INTRASTATE ACCESS SERVICE

## 2. General Regulations

2.1-2.6 General Regulations for this tariff are contained in the following sections of the South Carolina Coalition Companies Intrastate Access Services Terms and Conditions Tariff, hereinafter referred to as the SCCC Tariff, filed with this Commission on December 11, 1992.

- 2.1 Undertaking of the Telephone Company
- 2.2 Use
- 2.3 Obligations of the Customer
- 2.4 Payment Arrangements and Credit Allowances
- 2.5 Connections
- 2.6 Definitions

2.7 Identification and Rating of VoIP-PSTN Traffic

(N)

(A) Scope

(1) VoIP-PSTN Traffic is defined as traffic exchanged between the Telephone Company end user and the customer in time division multiplexing ("TDM") format that originates and/or terminates in Internet protocol ("IP") format. This section governs the identification of VoIP-PSTN Traffic that is required to be compensated at interstate access rates by the Federal Communications Commission in its Report and Order in WC Docket No. 10-90, *etc.*, FCC Release No. 11-161 (November 18, 2011) ("FCC Order"). Specifically, this section establishes the method of separating such traffic (referred to in this tariff as "Toll VoIP-PSTN Traffic") from the customer's traditional intrastate access traffic, so that such Toll VoIP-PSTN Traffic can be billed in accordance with the FCC Order. The term "Toll VoIP-PSTN Traffic" denotes a customer's interexchange voice traffic exchanged with the Telephone Company in Time Division Multiplexing format over Public Switched Telephone Network (PSTN) facilities, which originates and/or terminates in Internet Protocol (IP) format. "Toll VoIP-PSTN Traffic" originates and/or terminates in IP format when it originates from and/or terminates to an end user customer of a service that requires IP-compatible customer premises equipment.

(N)

## INTRASTATE ACCESS SERVICE

## 2. General Regulations (Cont'd)

2.7 Identification and Rating of VoIP-PSTN Traffic (Cont'd) (N)(B) Rating of VoIP-PSTN Traffic

The Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed at rates equal to the Telephone Company's applicable tariffed interstate switched access rates as specified in the Telephone Company's applicable federal access tariff.

(C) Calculation and Application of Percent-VoIP-Usage Factor

The Telephone Company will determine the number of Toll VoIP-PSTN Traffic minutes of use ("MOU") to which interstate rates will be applied under subsection (B), above, by applying a Percent-VoIP-Usage("PVU") factor to the total terminating intrastate access MOU received by the Telephone Company from the customer. The PVU will be derived and applied as follows:

(1) The customer will calculate and furnish to the Telephone Company a factor (the "PVU") representing the percentage of the total intrastate and interstate access MOU that the customer terminates to the Telephone Company in the State that is sent to the Telephone Company and that originated in IP format. This PVU shall be based on information such as traffic studies, actual call detail, or other relevant and verifiable information.

(2) The Telephone Company will apply the PVU factor to the total terminating intrastate access MOU received from the customer to determine the number of Toll VoIP-PSTN Traffic MOUs.

(3) If the customer does not furnish the Telephone Company with a PVU pursuant to the preceding paragraph 1, the Telephone Company will utilize a PVU equal to zero.

(D) Initial PVU Factor

If the PVU factor is not available and/or cannot be implemented in the Telephone Company's billing systems by December 29, 2011, once the factor is available and can be implemented the Telephone Company will adjust the customer's bills to reflect the PVU retroactively to January 1, 2012. This retroactive adjustment will be made to December 29, 2011, provided that the customer provides the factor to the Telephone Company no later than April 15, 2012; otherwise, it will set the initial PVU equal to zero, as specified in subsection (C)(3), above.

## INTRASTATE ACCESS SERVICE

## 2. General Regulations (Cont'd)

2.7	<u>Identification and Rating of VoIP-PSTN Traffic (Cont'd)</u>	(N)
(E)	<u>PVU Factor Updates</u>  The customer may update the PVU factor quarterly using the method set forth in subsection (C)(1), above. If the customer chooses to submit such updates, it shall forward to the Telephone Company, no later than 15 days after the first day of January, April, July and/or October of each year, a revised PVU factor based on data for the prior three months, ending the last day of December, March, June and September, respectively. The revised PVU factor will apply prospectively and serve as the basis for billing until superseded by a new PVU.	
(F)	<u>PVU Factor Verification</u>  Not more than four times in any year, the Telephone Company may ask the customer to verify the PVU factor furnished to the Telephone Company. The party so requested shall comply, and shall reasonably provide the records and other information used to determine the PVU factors.  The customer-provided PVU and supporting documentation for the factor shall be based on information that is verifiable by the Telephone Company, including but not limited to the number of the customer's retail VoIP subscriptions in the state (e.g. as reported on FCC Form 477), traffic studies, actual call detail or other relevant and verifiable information.	(N)
